About The Sets...Except Where Noted All Sets Letter One Car. All Artwork Is Based On Prototype Photographs. Official Railroad Lettering Diagrams, When Available, Are Also Used In Conjunction With The Photograph.  
If There Is A Conflict, The Photograph Is Followed.  
Your Prototype Information, Photographs, Comments And Suggestions Are Very Welcome.

Sets Contain Extra Pre-Spaced Road Numbers And End Numbers For Your Convenience In Lettering More Than One Car, These Extra Pre-Spaced Numbers Always Contain All 10 Digits. Some Sets Have An Additional Number Jumble For Both Sizes. Illustrations, Although Representative Of The Actual Equipment To Be Lettered, Should Only Be Used As A Guide For The Placement Of Lettering, Not For Construction Or Detailing Of The Model. Sets Contain Extra "Generic" Markings. Many Prototype Cars Went Through Many Re-Stenciling Stages, And These Extra Markings May Help You Match A Particular Photo You Are Working From.

Do Not Be Obligated To Use Them.
